

RENTAL STAGE SET The Peaks

RUGGED SOPHISTICATION

Layered aluminum frames evoke The Rockies in a modern, elegant mountain stage set design. Individually free-standing, The Peaks are modular to fit any stage and budget.

Sparkling in uplight, our mountain range can play in front of drape, a cyc, or alone in a room. Combine with other scenic components from YWW for an infinite variety of looks.

Brand your set: hang 3D logos or stretch printed fabric on the Peaks to create a photo backdrop destined for social media.

The Peaks travel light and set up quickly, enabling you to get More Scenery for your budget.
