RENTAL STAGE SET

The Magnificent Module

MAKE YOUR STAGE YOUR OWN

The Magnificent Module provides maximum flexibility and modularity. Individual 4'x4' and 4'x2' panels clip together to create a variety of columns or walls.

The panels are translucent plastic on black steel frames. Lit from behind with LEDs or other fixtures, they provide an infinite variety of eye-catching looks. In fact, the set can be rear-projected for super dynamism!

Use printed panels to brand your event, or showcase sponsor logos.

Sets up in a few hours with a small crew and comes down even faster. Ships in road cases, making it economical anywhere.

Completely scaleable for any ballroom, trade show floor, party tent--you name it!

The Column

ADD EVEN MORE
VISUAL INTEREST

Backlight-able with silver
detail

Half-round @ 30" diameter

Stackable 48" and 24" seg-
ments to create any height

Add punch to the Magnifi-
cent Module, or use stand-
alone onstage or around the
room.

RENTAL STAGE SET

The Planks

EXPRESS WARMTH AND ELEGANCE

“The Planks” wooden backdrop brings a modern sensibility to a timeless material to create a welcoming environment.

Highly modular, each panel is 4 feet wide and variable in height up to 20'. The panels can hang from truss or free-stand on YWW's “Jack of all Trades” scenery supports.

Add signage, projection surfaces, even video screens. Build your event branding or sponsor logos right into the set!

Use alone, or combine with “The Magnificent Module” or any other scenic components for an infinite variety of looks.

“The Planks” set up in a few hours with a small crew and come down even quicker. The panels fold for shipping, making transport very economical.

Completely scaleable for any ballroom, trade show floor, party tent--you name it!

RENTAL STAGE SET The Hex

IT'S THE BEE'S KNEES!

Lightweight and modular, "The Hex" can hang from truss, free-stand on YWW's "Jack of all Trades" scenery supports, or attach to pipe and drape hardware. Height is fully adjustable.

LED uplight creates dynamic color. Layer drape behind the panels for even more options.

Brand your set: The standard grey Hexes can be swapped for custom colors, other materials or printed panels.

Use alone, or combine with other scenic components from YWW for an infinite variety of looks.

"The Hex" sets up quickly with a small crew. Using local support hardware, the set can ship via UPS.

Completely scaleable for any ballroom, trade show floor, party tent--you name it!

RENTAL STAGE SET The Peaks

RUGGED SOPHISTICATION

Layered aluminum frames evoke the Rockies in a modern, elegant mountain stage set design. Individually free-standing, The Peaks are modular to fit any stage and budget.

Sparkling in uplight, our mountain range can play in front of drape, a cyc, or alone in a room. Use alone, or combine with other scenic components from YWW for an infinite variety of looks.

Brand your set: hang 3D logos or stretch printed fabric on the Peaks to create a photo backdrop destined for social media.

The Peaks travel light and set up quickly, enabling you to get More Scenery for your budget.

RENTAL STAGE SET

The Mesh

CREATE STUNNING DEPTH AND COLOR

Textured aluminum fabric sparkles with LED or conventional lighting. Colors interplay on the texture of the panels, creating a fascinating organic look. Layer "The Mesh" to create even more depth.

"The Mesh" is highly modular. Each panel is 48" wide and variable in height up to 24'. Panels can hang from truss, pipe-and-base, or free-stand on YWW's "Jack of all Trades" scenery supports.

The grandness of scale creates a strong impact in a large room, while the texture detail maintains visual interest close-up in video and photography.

Use alone, or combine with "The Magnificent Module" or any other scenic components for an infinite variety of looks.

Integrate banners to let your set support your brand or recognize sponsors.

"The Mesh" sets up in a few hours with a small crew and comes down even quicker. The panels roll for shipping, making transport very economical.

Completely scaleable for any ballroom, trade show floor, party tent--you name it!

RENTAL STAGE SET

The White Board

© 2018 You Want What? Productions INC
rental set: The White Board

PROJECT SWEEPING GRAND-UR

Freestanding foam board panels combine to create sweeping lines on a grand scale. With conventional or LED uplighting, the possibilities of color and movement are endless.

"The White Board" is perfect for projection mapping. Display motion graphics, sponsor logos, product images, or any form of eye candy to add incredible flash and captivate your audience.

Panels can be custom-printed for additional options in design and branding.

Modular design allows "The White Board" to work in any room, in any configuration. Use 2' and 4' wide panels in any heights to make an elegant composition. Panels can hang from truss or pipe-and-drape, or free-stand on YWW's "Jack of all Trades" scenery supports.

Use alone, or combine with any other YWW scenic components for an infinite variety of looks.

"The White Board" sets up quickly and transports small. Spend your budget on scenery rather than trucking and labor.

RENTAL STAGE SET

The Space System Truss

A GIANT LEAP FOR SCENIC DESIGN

A 3D "space frame" truss creates an angular texture and bold highlight on your stage.

More modular than lighting truss, The Space System Truss builds into endless stylish designs. Optional acrylic and fabric panels add even more possibility.

Brand your set: add custom printed panels or use the Space System to support large scale graphics.

The Space System Truss packs efficiently to keep shipping costs low nation-wide.

Completely scaleable for any ball-room, trade show floor, party tent--you name it!

RENTAL STAGE SET The Erector

BUILD FREELY

A tinkerer's toolkit of aluminum framing parts allows endless flexibility in creating stretched-fabric set pieces.

Wide-width material on a modular frame makes large, seamless surfaces easy to transport and assemble in any venue. Custom printing creates branding and design opportunities on a grand scale.

Rigged or ground-supported, The Erector can make an elegant borderless front-projection screen of nearly any dimension.

By adding a few custom parts to our stock system, there is virtually no limit on what we can create.
